

# ProfitSword Commentary Reports

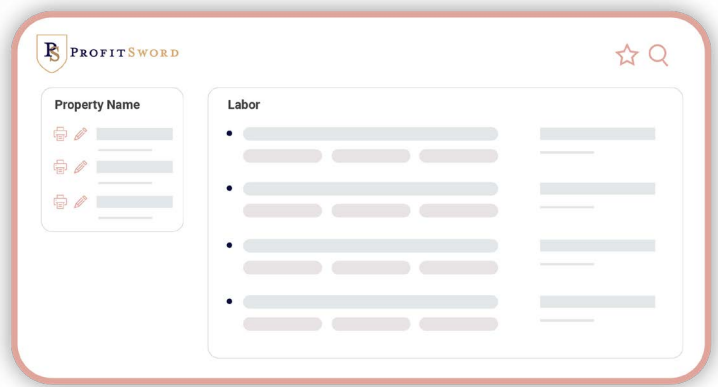

## Provide context, increase understanding

ProfitSword Commentary Reports automate the process of gathering contextual information on all data in your systems to get a deeper understanding beyond the numbers.

Quickly access a database of commentary and performance information for financial, sales, strategies, and goals to make tracking the “why” easier. Create opportunities for staff and departmental accountability through visibility and understanding of past, present, and future performance.

| Description  | Primary Forecast | Budget     | Variance | Actuals    | Comment    |
|--------------|------------------|------------|----------|------------|------------|
| • [Redacted] | [Redacted]       | [Redacted] | 101      | [Redacted] | [Redacted] |
| • [Redacted] | [Redacted]       | [Redacted] | 20       | [Redacted] | [Redacted] |
| • [Redacted] | [Redacted]       | [Redacted] | 150      | [Redacted] | [Redacted] |
| • [Redacted] | [Redacted]       | [Redacted] | 37       | [Redacted] | [Redacted] |
| • [Redacted] | [Redacted]       | [Redacted] | 150      | [Redacted] | [Redacted] |
| • [Redacted] | [Redacted]       | [Redacted] | 37       | [Redacted] | [Redacted] |

Commentary Reports streamline and automate the context gathering process and allow teams to comment on the variance between actual performance and budget or forecast.

### Print-ready Reports

Decrease the time it takes to gather data with standardized and consistently formatted reports that are easily exported and sent to leadership.

### Monthly Executive Summary

Quickly compile and consolidate all commentary from the month into a single summary to assist in accurately reporting on performance.

### Team Accountability

Allow team members to add commentary and context on overages or shortages to monitor performance goals across departments.
